### **DEDICATION**

We, the Senior Class, in dedicating this yearbook to Mr. Anthony Ochoa, hope that in some small way our words of gratitude will help to repay a debt we owe him. During the four years he has been our advisor he has given freely of his time and has always been interested in each of us individually as well as in the class as a whole. Mr. Ochoa is respected, admired and appreciated by the entire Student Body. His integrity, his patience, his understanding, and his ability make him an excellent teacher. And these same qualities make him the wonderful person he is.

## TO PAUSE WITH CAUSE

That it is usual for the average reader of any high school annual to pass with but a cursory glance the customary space "allowed" the school director or principal in that record of the year's accomplishments is certainly known by this director. It is, however, his hope that by titling this offering rather than identifying it in the usual ways (stuffy — **Director's Message**; phony-informal — **The Old Man Speaks**) some more venturesome or inquisitive readers may be tricked into reading beyond the title or beyond this first sentence!

The only purpose, as the writer sees it, for including a "message" is to give to students first, and parents and other interested readers second, an honest word picture of his gratitude and pride in the accomplishments of his students, not the least of which is their expressed desire to have his offering considered an expected part of any annual recording of school activities.

To the great credit of the present senior class this attitude has been kindly and genuinely developed. The Class of June 1957 has given all of us who work with them the very flattering and rewarding sense of doing just that — working with them. As significant testimony of this fact, it can be stated that "there won't be a dry eye in the house" in faculty eyes on the night of their commencement. These boys have achieved what few senior classes do achieve — the rapport between faculty and students which picks up school morale and sends it soaring. Nor have they accomplished this by good-will and friendliness alone — they have underscored their natural abilities in these areas with real and tangible accomplishments which stand as proof of the fact that the gleam on the proffered and shiny apple was more than skin deep! The glow of their accomplishments comes from an inner source and this accounts for the brilliant shine on the surface of their performances. Because they are real and vital, they have brought forth from us more vitality and more efforts to challenge than we ordinarily give. We then must humbly salute them for being what they are — great credit items on our ledger — and for making us what we more often should be — assets and not liabilities.

So this pause in perusal of the 1957 Tiger should not have been a wasted one. It should be just long enough to grasp the essence of honest tribute and short enough not to delay the reader's understandable desire to get to the heart of the matter. It should be, to make what might be an apt simile, like an appetizer, and like an appetizer not really essential but somehow giving an extra fillip (not fill-up!) which rounds out the whole.

**CAFETERIA** — One of the greatest assets of the new Lick plant is a complete cafeteria, which serves hot lunches every day. This facility has proved to be very popular and is used by almost all of the Student Body. While the comparatively small number of students in the school prohibits a wide selection of food, the dishes are of consistently high quality. The chef, Mrs. Candia, does an excellent job, often treating us with home baked breads, cakes and tortillas. She is aided by Mary Kain, who somehow manages to cut all of the pieces of cake the same size. At their disposal is a gleaming, stainless-steel kitchen, which is modern in every respect. The good food is enhanced by the cheerful, yellow dining room, which is kept as spotless as the kitchen. Somehow, this cafeteria, with all of its advantages, makes luncheon a very pleasant experience.

A decorative graphic on the left side of the page consisting of several vertical lines of varying heights and a large, stylized geometric shape that resembles a stylized 'X' or a series of overlapping triangles.

## THE SENIOR YEAR

The Senior year is always a hectic one. And it was even more so at Lick this year. To begin with, for the first few weeks of the fall term, the Seniors (as well as the rest of the student body) were wandering around in a daze. Getting used to an entirely new school took a little time.

When the students finally settled down, it was discovered that many innovations would have to be made to cope with the new problems that were arising. More responsibility was transferred to the students. Rick Bost and Ken Sproul, our fall and spring term Student Body Presidents, worked with Mr. Rich to strengthen the Student Court. At the same time the Student Council enacted a series of rules to govern the Student Body more strictly. Many of these rules had been passed by previous Councils, but many were new. However, it was decided that they should all be passed in a body and posted so that there should be no confusion among the students. The L. C. C. was given more responsibility, and a law was passed stating that any Senior could issue a Student Court citation to any other student.

At the Freshman Reception and at the combination dinner—open house—parents' meeting our Student Body officers showed that they also

possessed oratorical ability. It was at this same open house that the Glee Club, under the direction of Mrs. Ungaretti made its first appearance of the year.

Because of the load of work imposed by the teachers this year, entertainment was at a premium. Nevertheless, there were quite a few rallies and dances held. The rally committee, headed by Boit Sesnon, had to limit its membership to class Vice-Presidents and those who had participated extensively in former rallies. Ten rallies were produced, each one barbed with satire by Hoddy Guittard and Bob Moulthrop. The dances, held by Mike Vincent and Denis McNicoll were all tremendously successful. Each had an imaginative theme plus a good band.

The annual May Glee Club show was a sell-out. The classes, sparked by the offer of a day off and one hundred dollars if they averaged thirty dollars per person, competed in a contest to sell advertising for the program. The Seniors won both the day and the money. The former was added to the Senior Sneak Day to make a long weekend, and the latter went towards the Prom, which was held at the Alta Mira Hotel across the bay in Marin.

Although this first year has had none of the tradition of the old school, the Senior class has started many traditions that it hopes will be continued.

## STUDENT COUNCIL

The most important aspect of Student Government is the fact that by participation in its varied activities young people are brought face to face with the kinds of problems that arise in any group endeavor, and through joint action they find solutions and expound ideas.

A very practical illustration is our Student Council. During the past semesters, the members of the Council have done many things beneficial to the school. They have reviewed and improved the old Council laws that they felt were no longer useful. They have established and put into workable operation a fine Student Court. Some Student Council representatives have been attending nearby conferences and have brought back with them many informative ideas about the operation of the judiciary and legislative branches of other schools, and these have been applied to our own student government.

At the start of the semester they approved of the calendar for the year with the exception of two dances for which they left the dates open. The Tiger, Newsreel and other clubs came to them early in the year to present their budgets, which were approved.

Their many reasons for revising and setting up new and improved laws were that these new laws more readily meet the problems arising from the occupancy of the new school, from the larger Student Body and the expanded activity program.

SPRING

**Standing:** Steve Fowler, Rick Bost, John Swain, Chris Wilder, Eric Lund. **Seated:** Karl Jacobs, Pete McCrea, Denis McNicoll, Ken Sproul, John Opsahl.

## FALL

Chris Cutter, Chip Hunt, Bob Ferber, Arey Mew, Gerald Yeazell, Jeff Brinck, Joe Kimbell, Deming Upson, Rick Bost, Bob Moulthrop.

## STUDENT COURT

This year a phase of Student Government has been added to the Student Activity program — the Student Court. It covers all acts of misconduct committed by the students. The Student Body President acts as judge, and representatives from the classes act as the jury.

The sentences delivered by the Court are being effectively enforced, and the Court is proving itself to be an important addition to student government.

## SPRING

**Standing:** Dave Ellertson, Marty Weyrauch, Gerald Yeazell, Tom Inman. **Seated:** George Simmons, Hoddy Guittard, Pete McCrea, Ken Sproul.

## FALL

**Standing:** Eric Lund, John Opsahl, Fred Gaidick, Bob Moulthrop. **Seated:** Mike Vincent, Ken Sproul, Rick Bost, Charlie Morf.

## LICK COUNSELING COMMITTEE

The Lick Counseling Committee, commonly called the L. C. C., was formed for the purpose of enforcing school rules. This year it has had more authority than before and has used it to the increased advantage of the Student Body. It has worked closely with the Student Court and has helped to set a number of precedents that will make the job of future L. C. C.'s an easier one.

The L. C. C. is composed of the Student Body President, Vice-President and Secretary-Treasurer, and the presidents and council representatives of the Junior and Senior classes.

## DANCE I

This first dance in the new school was held in October. It was a "house-warming" type affair and of necessity decorations were kept to a minimum. Ray Hackett's band provided the music, and the dance floor was packed. All present seemed pleased with the new gym. The dance was a decided success, both socially and financially.

## DANCE II

The second dance of the term was a Christmas dance, and the main item of decoration was a large, green Christmas tree, set in the middle of the dance floor. Above the tree was a net full of blue and white balloons, which descended upon the party during the final dance. Again Ray Hackett's band played, and everyone had a gay time.

## DANCE III

"Around the World in Eighty Days" was the theme for the last dance of the fall semester; it was the best of the trio of dances given under the direction of Mike Vincent. The decorations consisted of many colorful travel posters, menus and travel objects, including a pint-sized outrigger canoe. From the ceiling was suspended a large balloon, which resembled the one used in the movie, Jimmy Potos, a Lick graduate, and his band played for this dance, and for the first time the tables, chairs and Coke booth were placed on stage. This dance also served as the election dance for the candidates for the Spring Student Body officers and provided a wonderful close to the fall term.

## DANCE IV

The first dance of Denis McNicoll's term was entitled "Hawaiian Holiday." There was, however, no Hawaiian music. Eddie Alley, who had played at several of the dances at the old school, also played at this dance. The decorations were typically Hawaiian with artificial moonlight flooding the real palm trees. The "Guys" and their "Dolls" all came as beachcombers and island beauties. The boys wore shirts and slashed jeans, and the girls wore sarongs.

## RALLY COMMITTEE

This year the Rally Committee has had to limit its membership to class Vice-Presidents and to those who had participated extensively in previous rallies. Many new ideas were brought up, and it has been generally agreed that the tone of the rallies was higher than ever before.

Among the main factors contributing to the "New Look" in rallies were the skits that were put on by Moulthrop and Guittard. Each of these skits cleverly satirized some facet of school life. And another contributor to the "New Look" was the Glee Club. The high standard of performance that was shown at the Christmas Rally and the fact that membership grew tremendously all during the year were indications of the merit of this worthwhile activity.

This year two of the big motor companies, Ford and General Motors, sent representatives to Lick to put on rallies. These added attractions were welcomed by the rally committee, which always seems to run out of ideas towards the end of the Spring Term. Both motor company rallies were scientific, but not so technical that they could not be understood.

Planned for next year are an all-musical rally and a variety show rally, both of which are characteristic of the enthusiasm and originality shown this year by the boys who participated in this activity.

And for any of you who may be interested, the titles of the pictures on the following page, reading from left to right, and top to bottom are as follows: "Speak no evil, see no evil, hear no evil." . . . "Chuckle, chuckle, boil and bubble." . . . "This clean-up campaign's not working too well." . . . "Uhh-Duh." . . . "Help, no, Oh, Ow, Don't DO that." . . . "The nice thing about rallies is that everybody pays attention."

## VARSITY FOOTBALL

Lick played eight games this past season, winning two and losing six. However, in defense of this record, one can say that the "breaks" went, for the most part, the wrong way. And indeed, injuries at crucial points and bad "breaks" were the story of this past season.

Our extremely able coaches, Ken Hunter and Gil Soto, did a great job in forming a team which was, perhaps, the most potent football squad Lick has fielded in the last five or six years. It will be to our advantage to have at least one of the above back with us next season to develop our full potential. It is worth mentioning that both coaches saw to it that every boy on the team got a good chance to play.

**BENICIA 31, LICK 6** — Our first game was a night game. The first half was a closely fought contest, but in the second half, Benicia's greater speed ran away with the ball game.

**LICK 24, HALFMOON BAY 0** — This game was played on the City College field and was a great shot in the arm to the team as a whole.

**SRMA 25, LICK 7** — In another game played across the street, speed was our worst enemy. It is wise to note that the SRMA ends and tackles were rather large, to say the least.

**EMERY 27, LICK 13** — This game, played at Emery, was a clear-cut case of bad "breaks." However, one of the greatest exhibitions of blocking and running that this writer has seen occurred when Art Park took the ball for a 90 yard jaunt on the opening kickoff.

**LICK 36, CSD 0** — At Emery, our second victory was

played in the mud against a group of spirited boys. **LOS GATOS 25, LICK 0** — In our first shutout in two seasons and Los Gatos' first victory in two seasons, we looked, as any member of the team will say, terrible in the first half. In the second half, our defense tightened, but our offense couldn't get moving, ending that half with neither team scoring.

**ST. VINCENT'S 20, LICK 18** — This was the hardest game to lose. Last season we lost by conversions, this year again. The "breaks" never appeared, although when Ed Thomas skittered down the sideline for some forty yards and a touchdown, we all thought the great day had come at last.

**MENLO 31, LICK 8** — A mighty Menlo juggernaut walked off with the championship and walked over us in the roughest game Lick played all season. We played well, but oh, Menlo. . . (It is interesting to note that if we had won the Emery and St. Vincent games, which we should have, we would have been playing for the championship.)

The leading groundgainer for the season was Art Park. Leading in passes thrown and caught were Steve Fowler and Steve Hynding. The boy with the most points scored was Mike Vincent, with five touchdowns. In the line, one must mention Bill Young, John Gantner, Eric Lund, John Opsahl, Ken Sproul and Steve Hynding, in the backfield Rick Bost, Art Park, Ed Thomas, Mike Vincent, Fred Gaidick and Steve Fowler. Football is a rough game, and injuries do occur. On the casualty list were Sid Stockwell, Fred Gaidick, and Ed Thomas, the latter being injured in the Menlo game.

And, as this writer has said before, next year . . .

**Top Row:** Coach Sobel, Noel Amherd, Charlie Dimmler, Pete Wilmarth, Tom Coddington, Cliff Charlson, Ray Link, Dave Ellertson, Art Mingst, Bill Quine, Bill Moore. **Middle Row:** Chris Prael, Brian Davis, John Nelson, Chapin Hunt, Tony Miller, Pete Sternloff, Bob Drewes, Mark Halvorsen, Alex Schwarz, John Shaffer, Chris Vogler, Chris Wilder. **Bottom Row:** Bill Brooke, Mark Van Loucks, Bob Hammer, John Shenk, Karl Jacobs, Dave Grambort, Bill Mailliard, John Strebel, Mark O'Shea.

## JUNIOR VARSITY FOOTBALL

Again the B's came up with another championship, winning every game. In conference play they racked up 91 points to their opponents' 0 and had an average of 18.2 points per game.

Chris Wilder led in touchdowns, and Dave Ellertson led in rushing. In overall scoring, Ellertson, Storek, and Wilder, led the "little ones."

The top lineman this season was Pete Sternloff with 33 tackles. Also helping in the line were Bob Drewes, Chris Wilder, and Karl Jacobs.

Although this year's B's were not the heaviest team in the league, thanks to superb coaching and determined teamwork, they were unscored on in league play.

## 

The Lick Varsity Basketball team had a very successful season this year. They won a total of eighteen games while dropping only six. Unfortunately, five of the six losses were suffered during regular League competition, giving the team a disappointing fourth place.

At the start of the season Lick was figured among the top contenders for the championship. The team's strength lay in its returning Lettermen (four from last year's string) and in some good new talent. Among those returning were Mike Vincent, Boit Sesnon, Rick Bost, John Gantner, and Steve Fowler. Outstanding among the new members of the Varsity were Scott Shoaf, Don Fisher, and Tom Inman. Lick won all of its practice games (two each with O'Connell and Westmore and one with Drake). The Varsity also cleaned up in the first tournament in Bay Counties League history, which was held at Lick. They won all their tourney games with S.R.M.A. and went on to win the tournament easily with 83 points — 27 more than the nearest contender's. By the end of the tournament Lick was definitely figured as the team to beat in the League, and Tiger hopes were running high.

Hopes were still up when, after three regular season games, Lick was undefeated. The first of these games was with St. Vincent's, who had wound up in the tournament with minus 128 points. The score was Lick, 49; St. Vincent's, 24. However, the second game was much closer, Lick managing to beat Concordia by only two points — 35 to 33. The next game, with California School for the Deaf, was an easy victory, 64-39.

Unfortunately, the Varsity flagged in the Menlo game. In this contest and in the return match, Lick couldn't seem to click, and Menlo managed to remain the only team undefeated by Lick. Menlo won the first game by 28 points. However, in the second game they had to come from behind (where they'd been all game) in the fourth quarter to win by four points.

The first game with Half Moon Bay was much too close for comfort. The Tigers found themselves behind by one point with only forty seconds to go. Half Moon Bay had the ball, and a deliberate foul seemed the only way to get it. This gamble paid off as Half Moon Bay missed its free throw and Lick gained possession of the ball. With twenty seconds to go Mike Vincent drove all the way in from half court to sink the winning layup! Final score was 36-35. However, the Varsity lost to Half Moon Bay when they played them a second time.

In their first full game with Emery the Varsity played perhaps its best ball of the season. The Tigers thwarted Emery's every move with an excellent floor game and, with the help of the crack foul shooting of John Gantner and Scott Shoaf, won a 49-34 victory to become the first team to beat Emery in two years. However, in the return match, perhaps the biggest thriller of the season, Emery gained revenge in winning by one point.

The Varsity easily won its rematches with C.S.D. and St. Vincent's, but lost its second game with Concordia. Also the Tigers scored two victories against San Rafael, a weak team, because of the late season loss of two stars.

At season's end Rick Bost was chosen Most Inspirational Player, and later Steve Fowler was named as a second stringer on the All-Conference Basketball Team.

## B AND C BASKETBALL

This year the lightweight teams saw a great deal of action, and Lick is looking forward to even better teams in the future. The teams did better than they have done for many years and gained a reputation for hard fighting. Team spirit ran high at the beginning of the season, but the "B" team hit a slump in midseason which hurt their morale and ruined their chances for the league championship.

The "B" season coincided with that of the Varsity and was quite long. Under the coaching of Dick Hunter, who was also the Varsity coach, the team saw a heavy, but exciting, year. The "B's" put up a hard fight and turned out one of the best seasons seen in a long time, and one member, Bob Hammer, made the second team All-Conference.

The "C" season, though shorter, was equally exciting, and the team had a wonderful season under the able coaching of Terry Moss. The "C's" were very disappointed in having to share the conference title, but because of their close loss in their last game became co-champions with Emeryville.

## C TEAM

**Back Row:** Phil Hassel, Jim Black, Dave Holt, Mark Hein, Mark Klabunde, Chip Hunt, Bob Thomas, John McCarthy. **Front Row:** Bob Leite, Clark Burnham, Taylor Partch, Steve Smith, Don Nurisso, Rich Peters, Coach Moss.

**Back Row:** Bill Maillard, Larry Irving. **Second Row:** Bill Russi, Ken Walters, George Wells, Bill Young, Cliff Charlson. **Front Row:** Coach Lopman, Doug King, Dave Grambort, Phil Gambucci, John Shaffer.

## BASEBALL

This year's Tigers, led by Larry Irving, have been having more than their share of bad luck. Coach Lopman, with a squad of mostly freshmen and sophomores, has had trouble fielding a full squad for every game. Though the Tigers may have a bad season this year, they can look forward to an excellent season in a few years. The experience gained from a season of play will be very valuable to the players who will represent us in the future.

The baseball team has been producing runs, but their pitching lacks depth. The squad's leading batters are Larry Irving, Bill Young, and Charlie Dimmler.

## JUNIOR VARSITY

**Back Row:** John Nelson, Dennis Sinor, Brian Davis, Pete Beckh. **Second Row:** Dave Baumann, Don Nurisso, Mark Hein, Clint Day. **Front Row:** Coach Hunter, Tim Hinkle, John Wong, Clark Burnham.

**Back Row:** Bill Brooke. **Second Row:** Ken Ogawa, Tim Arnstein, Mike Vincent. **Front Row:** Pete Jaegers, Bruce McPherson, Nick Hartman.

## TENNIS

The tennis team this year is again geared for championship play. Led by Mike Vincent, Pete Allen, Tim Arnstein of last year's championship team, and newcomer Bruce McPherson, the Tigers look unbeatable. Against schools our size, the tennis team has made a remarkable record. Although our team is very strong, none of the players can beat Coach Sparrowe.

Some matches were lost at the beginning of the year when the team was still out of training, but now, about a quarter of the way through the season, the team has really begun to click, and we are sure that they will come through with another championship banner for Lick-Wilmerding.

## VARSITY

**Back Row:** Clarke Davis, Rick Bost, Tom Madden, Pete Sternloff, Joe Plant. **Front Row:** Bill Symons, George Simmons, Bob Hammer, Art Mingst.

## SWIMMING

As this book goes to press, it looks as if this year's swimming team will probably have one of the finest seasons in recent years. With the season already half over, the Varsity has won seven meets and lost three. Thus far the medley relay team of Rick Bost, Pete Sternloff, Tom Madden and Bob Hammer has been undefeated.

The outlook for the rest of the season is very bright, and the Varsity has an excellent chance of taking the Conference Championship. The reason for such a tremendous Varsity team is that last year's championship B's squad had moved up and strengthened the Varsity.

Outstanding swimmers are the following: Tom Madden, freestyle; George Simmons, freestyle; Pete Sternloff, breast stroke; Bill Ososke, individual medley; Rick Bost, backstroke.

### B TEAM

**Back Row:** Bob Drewes, Tim Brown, Chris Prael.  
**Front Row:** Max Wicke, Bill Moore, Tom Bass.

### C TEAM

**Back Row:** Felix Prael, Steve Smith, Tom Coleman. **Front Row:** John Cavellini, Jim Black, Chip Hunt.

**Back Row:** Mark Van Loucks, Eric Lund, Fran Chamberlain, Tony Miller, Art Park, Steve Hynding. **Second Row:** John Pomeroy, Ross Calvert, Dave Ellertson, Bob Shenk, Ken High, Mike McBride. **Front Row:** Coach Moss, Bill Quine, John Beviacqua, Dave Rude, Ed Thomas, Arey Mew.

## TRACK

The track team, under their new coach, Terry Moss, former U.C.L.A. 440 yard dash star, is expecting to have a good season. The Varsity is very strong in the 440 and 220 yard dashes and the weight events. The Junior Varsity, with a well balanced club, has a possibility of going all the way to become league champions.

Already seven records have been broken or tied: Art Park has broken the B shot put record; Ross Calvert broke the C broad jump record; Glenn Storek tied the B's high jump record, and Marty Weyrauch broke the Junior Varsity record for the 660 and 880 yard runs. Bob Shenk broke the Varsity record for the 220 and 440 yard dashes.

## LAST WORD

It is hoped by the editor and staff of this year's edition of the Tiger that "your perusal has not been a wasted one." We trust that you have "paused with cause" to look over the articles and pictures contained between the covers of this book and have found enjoyment in recalling past events and recognizing the faces of friends. I'm sure that everyone concerned with the production of this book will agree that it has been a hard task, but one well worth the effort and time involved. We hope that we have produced a book which we can look back on with some measure of satisfaction.

It has probably been noted by the more astute peruser in his perusal of the book that a great many dates, times and places have been left up to the reader to supply. These omissions are due to a circumstance for which the yearbook staff and the yearbook advisor are supremely grateful — the early deadline schedules. Our last deadline was on April 20, and it is readily seen that a great deal had not happened by this time. Spring sports were still in full swing; neither the Glee Club Show, the Senior Prom, the Senior Sneak nor a multitude of other events had taken place.

And, unfortunately, the LAST WORD is the only place in which to say thank you. So . . . Thanks to the Don Bosco Studios for the Senior pictures and all the activity pictures. . . Thanks to Jim Nuckolls and Mr. Hassel for all the other pictures that appear in the book. . . Thanks to Mrs. Teterin for knowing when to put or take away a comma and for knowing when a word is spelled incorrectly. . . And thanks to the Miro-Graphic people for making the layout editor's job such an easy one.

No yearbook could ever tell the complete story of a school or class. We hope, however, that we have been able to give you at least a partial record of an exciting year in a new school.
